GERLOFF FARMS
17TH ANNUAL

BULL FEST & FEMALE SALE

SATURDAY, OCTOBER 19, 2024 | 1:00 PM | BLAND, MO

Welcome Friends

17TH ANNUAL GERLOFF FARMS BULL FEST

Our family is excited to welcome you to the 17th Annual Bull Fest & Female Sale. This year has been the polar opposite of the challenges we faced last year. We have had plenty of moisture this year through the spring, summer and starting of our fall season. This has led to excellent pasture conditions and ample amount of hay supply.

One thing hasn't changed from last year - the future looks as promising as ever with feeder calf and slaughter cow/bull prices at all-time highs and cow numbers at record lows. Supply and demand are on your side. Now, more than ever, is the ideal time to take advantage of cull prices and reinvest those dollars into younger, fresher genetics.

This year's sale offering has been one of the most anticipated to date. We are confident that both bulls and females have an elite balance genetically and physically. Our goals have not changed, we strive to always keep the commercial man in mind. By doing so, we feel like we have developed a group of bulls and females that cover all the bases, and the type of cattle that will go to work for you.

Please stop by and view our selection of bulls and females. All bull videos will be available to view on our website and DVAuction.com. We appreciate the strong relationship we've built in the past and look forward to helping you build your program of the future. Please call to schedule a visit to view the sale offering in advance or join us at the farm on sale day. The sale will also be broadcast live on DVAuction. We look forward to seeing you at the 17th Annual Bull Fest and Female Sale and Customer Appreciation Day!

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association http://www.angus.org/Pub/suggested_sale_terms.pdf. Announcements made sale day from the auction block take precedence over printed material in this sale book. Gerloff Farms is not liable for EPD changes by the American Angus Association or American Simmental Association. Cattle must be paid in full before they are removed from the premises unless prior arrangements have been made.

LIABILITIES: All persons attending this sale do so at their own risk, legal or otherwise, for any accidents which may occur.

HEALTH: All open heifers have been calfhood vaccinated. All bulls have been semen tested by Hunt Tainter, DVM. Health papers available for immediate delivery. Not liable for injury or death of cattle after the sale. Dr. Hunt Tainter & Family - Karrie, Brooke & Reagan Franklin County Animal Medical Center We appreciate your dedication, advice and knowledge! Thank you, Tainter Family!

DELIVERY: Take your bull purchases of \$5000 or more home sale day or the following day and receive \$100 off. Free delivery is available within 150 mile radius of farm for bulls purchased for \$5000 or more during the Bull Fest. We will deliver by Thanksgiving at our convenience. All bulls selling that are not picked up or delivered by Thanksgiving can be left with a charge of \$4/day. Semen available on herd sires sale day. Bring your semen tanks if interested.

BREEDING GUARANTEE: All bulls selling for \$5000 will be eligible for a credit if they are injured during the first breeding season. Breeding season is defined as the 90-day period following the first turn out of the bull. All bulls selling for \$5000 or more will be given 100% of the value of the injured bull - value defined as purchase price minus the current salvage - as credit in a future sale or toward a replacement bull if one is available. Credit may be used on the purchase of a single bull the following year. All injured bulls must be diagnosed by a veterinarian. Please notify Gerloff Farms as soon as possible should injury occur and prior to the injured bull being sold. A copy of the sales receipt must be received by Gerloff Farms to receive proper credit. All claims must be made by June 30, 2025.

This is not a mortality insurance policy nor does it cover mismanagement or neglect. We do not cover injuries sustained prior to the breeding season if your Gerloff bull is turned out with other bulls. We highly recommend insuring your purchase after the sale as this will protect your investment in the event of injury prior to the first breeding season.

If an open heifer is determined to be a non-breeder, then we would ask you to sell her or return her and would offer you the difference in her purchase price minus the salvage value as credit in the future sale. All cows selling with calves or examined pregnant will carry their own guarantee. We would suggest that normal care needs to be exercised toward these cattle and particularly that the yearling bulls are not allowed to get too thin. All claims must be made by April 1, 2025. Buyer will be responsible for purchasing AI certificates.

THE PROFIT PREDICTOR.

BUILD A HERD THAT WORKS AS HARD AS YOU DO.

The American Simmental Association's \$All Purpose Index, or \$API, considers the cow herd while keeping pressure on terminal traits. And data from the last 25 years show it's working.

Gerloff Farms 17th Annual Bull Fest & Female Sale **116 Years and 6 Generations!**

**TOM
BURKE**

**ALEX
POPPELWELL**

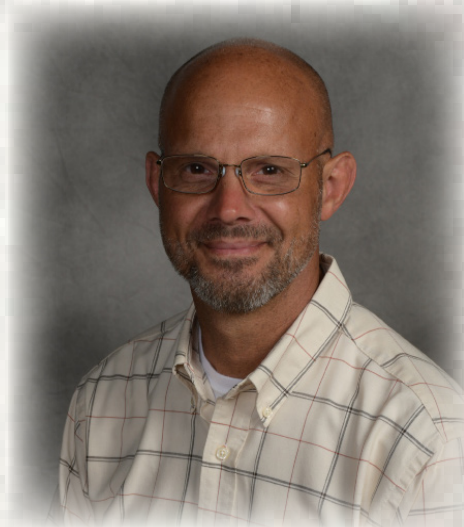

**KURT
SCHAFF**

Gerloff Farms has been dedicated to the livestock industry since 1906, which is 116 years! The Gerloff Family is truly a family-owned cattle operation. Now in its sixth generation, few seedstock sources in America have these impressive credentials! Everyone at Gerloff Angus takes an active part in the operation. Dakota works very closely with his grandfather, Charlie, in bull marketing and development. He has truly developed into a great seedstock producer and knows what it means to have a profitable bull. Lance, Scott, and Kim are tireless workers and keep the entire Gerloff Program on target. Lance and Becky's daughter, Olivia, has had a brilliant career showing Angus cattle, and today she is

recognized as one of the top young judges in the livestock industry. Charlie Gerloff and his family are unique people. They love the cattle industry, take pride in their customers, and truly have a herd of superior seedstock.

Repeat customers have been the key to the Gerloff seedstock program, with customer after customer returning as repeat buyers, as well as generation after generation. They stand 100 percent behind every animal, so there are no unexpected or unpleasant surprises. Gerloff Farms is the place to buy a bull because they are bred with profit, dependability, and backed by customer satisfaction. You will indeed enjoy doing business with them. I'm looking forward to seeing you at this important sale.

Sometimes it is as simple as doing what you know to be correct. You've seen the markets. You know what calves are worth. You know what your older bull is worth at the sale barn. Now is the time to invest in the next decade of your cattle operation. The dollars from that old bull, along with a few fresh dollars, give you the chance to do something truly unique and special that sets you up to navigate where this business is going – more pressures on terminal calf value and more pressures to make your cows work for you. Take advantage of what the Gerloff Family is doing. They are making functional cattle that are adaptable to your environment. Additionally, they are using the best science available to help give you as much confidence as possible. Lean into the All Purpose Index (API) where available. It isn't your only metric, but it should be heavily considered if you are keeping replacement heifers while keeping your terminal numbers on track. The GF team has assembled a tremendous lineup. Watch the videos. Check the data. You will see that these bulls check the boxes. The Bull Fest is your day to follow through with the simple thing.

A MESSAGE FROM CHARLIE

Being on this farm and raising cattle has always been my passion. I've always told folks that I never had a job because I loved what I did - and still do. I'm grateful to my ancestors who set this operation in motion and to my parents for bringing me up in the ag industry. I hope my work has, and continues to, honor what all those individuals did for me. I have made many lifelong friends in the cattle and farming world and hold each and everyone of you dear to my heart.

Things do change. The goal is to be as prepared for that change as possible. My family has proven they are prepared and that they can take the reins and move Gerloff Farms forward for multiple generations to come. That has allowed me to take on new roles. And sometimes it means that I can spend more time with old friends and with family than I used to. Things do change. But, change is necessary and I sincerely appreciate the support of each and everyone of you as we continue to serve you and your own family's needs in the beef business.

THANK YOU

TO ALL OUR FRIENDS & FAMILY

My wife and I purchased a bull from Gerloff Farms. This was not our first purchased bull. However, there is always a concern for the quality of an animal and/or guarantee of it's fertility and vigor for breeding. This particular bull ended up having some hoof issues that effected his performance. We contacted Gerloff Farms and reported the issue. Gerloff Farms stood behind their guarantee, a partial credit was given towards another bull. We have been pleased with the animals and service we receive and continue to obtain bulls from them.

COPELAND FARM

I bought my first bull from Charlie in 1997. That purchase has resulted in a cow herd of Gerloff genetics from the 15 different Gerloff bulls I have proudly owned in the past 27 years. We finish out cattle for freezer beef and currently have approximately 150 repeat customers each year. These cattle will grade "high choice to prime" when taken to the processing plant. This is something we take a lot of pride in and have been able to accomplish by growing our herd with Gerloff bulls.

Robert Copeland • Ellington, MO

LOT 83A-83G

HOOKS YUMA 49Y

What an opportunity to purchase a female out of one of the most proven females in the Simmental breed. Hook's Yuma 49Y has produced many of the breed's great herd sires and donor females. Hook's Bounty, CLRS Johnny Walker and Hook's Evita 18E just to name a few. This is truly a proven donor mated to some of the freshest genetics today. We would like to retain 1 flush out of the purchased female at our expense and buyers convenience.

HOOKS EVITA 18E

SPRING VALLEY FARM

We have been buying Gerloff bulls for over ten years, and have had very good success. Bulls are gentle. We have not had to pull a calf in over four years. Past two years our steers have weaned off at over 600 pounds. Buyers from Iowa really liked our calves!

Ron and Kristi Hammom
